

# CLAIRE'S MONTESSORI JANUARY NEWSLETTER 2020

## January News

Dear Parents,  
Welcome to 2020!

January marks the official second semester for our school-age students, and as such we start to look at re-enrollment for our next school year across all program levels.

We will be hosting some open house hours, meet the teacher at the next level, and a student experience in a higher level program to where a student is right now.

Why? Because it's always great to show children what the next step looks like as it makes it way less scary.

We will also host these experiences for you, the parents, too. This is not just for parents of students on the 7331 campus. Parents across the whole school are welcome to see our programs - we are VERY proud of them and love to show them off.

*Happy New Year!*

## 7224 Campus Update

Families, have you seen it? Even though it was challenging without the use of 5 rooms on our Infant-Toddler campus, what has transpired is a thing of beauty. The classrooms are more spacious, the flooring gorgeous and the rooms are lovely and bright - just in time for winter weather!

We also have lovely new shelves, a fabulous refurbished kitchen and more storage in all the areas as well.

We are thrilled to have such wonderful 'new' spaces for our little ones.

Happenings:

## Enrollment Information Week

Come and look at the higher level programs we have to offer. Did you know we go all the way through 6th grade and we've had requests to continue through Middle School?

Our school-age tuition is not much more than the cost of after-school care in the public school system. You get quality education, where you child is a person, not just a number in the crowd, AND we educate the whole child, truly educate in all pillars of learning: social, emotional and academic.

We have a fully implemented wellbeing program where every teacher is given training each month.

In addition our integrated spiral curriculum which starts at 2 years old allows student experience to be repeated at the different levels of the programs and at different levels of understanding. Children really internalize their learning when this occurs in schools. Authentic Montessori education is process not product oriented, so students understand what they are doing and they don't just regurgitate information which is then forgotten a few days later.

Parent Meeting

## WHY MONTESSORI Student Led Experience

**Thursday, February 20th  
from 5pm - 7pm.**

Bring a friend who enrolls a child, you don't pay a re-enrollment deposit.

## Tuition Payments

Parents, as we are a small private school we rely on prompt tuition payments. We appreciate your business, support and trust in us as we partner with you in your child's journey.
