November News

Dear Parents,

I don't know if you feel the way I do, but I can't believe that we are close to the end of another year!

Along with calendar year ends in schools come fun activities, conferences and some holdiday school closures too.

Please make sure that you look at each campus calendar for when each campus is closed and if in doubt please check in with your child's teacher. Our 2 campuses have slightly different closures as we come to the end of year and our school-age students have some added holiday days.

I also wanted to mention, that we have found a way to email our families through our Student Database Program. If you do not receive an email through this portal this week, please let me know.

7224 Campus Update

Families, we so appreciate your patience as we navigate the water damage on our 7224 campus.

As you can imagine, we are most eager to remedy the damage, but we have to wait for contractors and insurance companies.

We are very hopeful to have at least one classroom fixed and ready to accommodate children possibly by the end of the first week in November - cross your fingers!

This will allow us to accommodate all classes back to nearly normal.

We will keep you posted as we learn more about the timeline.

Please rest assured that the student experience may be a little different in some cases, but education and experience remains true to our high expectations and standards.
